Omschrijving

Villa under construction, estimated to be completed in March 2027. A short distance from all basic services. The villa will be distributed over three floors. The main floor features a spacious, bright living-dining room, thanks to its large windows leading to the ample porch and the pool. The kitchen will have an open concept towards the living-dining room, equipped with integrated appliances and a large breakfast bar, an adjacent pantry for daily convenience, a guest toilet, and a double bedroom with built-in wardrobes and an en-suite bathroom. On the upper floor, there are two spacious bedrooms, with built-in wardrobes, en-suite bathrooms, and access to large terraces, perfect for enjoying the fresh air and tranquility of the surroundings. In the basement, there will be two double bedrooms, a full bathroom, a large laundry room, and a spacious multipurpose room. Outside the property, a garden will surround the villa, and a wonderful pool will invite us to take a dip on those hot summer days, alongside a large porch, ideal for outdoor dining and parking for several cars. The entire villa will be equipped with suspended toilets, double-glazed windows with shutters, underfloor heating, and ducted air conditioning.
